## Rodney M., Operations Supervisor

After serving on the board of directors and being a successful ugly sweater creator, Rodney is now wearing another hat. He was recently hired as club operations supervisor. We welcome him to this new position and know he will put the same enthusiasm and positive attitude towards his new role at the LLLAC. Congratulations Rodney.

## Board Retreat

Individual members of the LLLAC Board of Directors self funded a February, weekend retreat at Lake Arrowhead. It was a time of bonding, learning about each other, as well as productive time spent planning for 2015. It was nice to get away together and spend extended time thinking about our hopes and dreams for the LLLAC. It was time well spent because all our goals were accomplished in a fun, relaxing way. The board is excited to be of service in the coming year.

## Wish List
